INTRODUCTORY NOTES

The ever increasing demand for copies of this Directory, not only in Queensland, but to a greater extent in the Southern States of the Commonwealth, New Zealand, and Oversea, has made imperative the issue of this New Edition. The information has been thoroughly revised and brought up to date.

Whilst every effort has been made to obtain full and accurate information, and to supply such particulars as Tourists and the Travelling Public are likely to require to enable them to judge readily of the accommodation available at the chief towns and resorts, the *Queensland Government Tourist Bureau* accepts no responsibility for the accuracy of the information given herein. It should be distinctly understood that no establishment is recommended above another, as the onus of choice rests with the Visitor. The information has been supplied by the persons concerned.

The names of hotels marked with an asterisk (*) denote that, at the date of compilation, the proprietors thereof held the Certificate of the United Commercial Travellers' Association of Australia.

The sign † indicates that the accommodation-house is approved by the Royal Automobile Club of Queensland.

The Queensland Government Tourist Bureau arranges, without charge, at any of its offices, advance bookings for approved accommodation-houses at recognised tourist resorts throughout Queensland.

The names of the various towns and tourist resorts have been alphabetically arranged.
